Note: Education 391W is open only to a student who has not had and is unable to obtain or schedule a methods course in his endorsement area before graduation, and who has arranged for a one-hour conference period each week with the chairman of the department preparing him in his endorsement area. This arrangement should be necessary only in the areas of Classical Languages, Modern Languages, and Art.

The student who plans to enroll in directed student teaching courses during the Spring Semester, 1956, must have the application approved before December 1, 1955, by the Chairman of the Department of Curriculum and Instruction. A place is provided on the special forms for a signed statement from the student's advisor certifying that all requirements in the endorsement area have been met. If approved, the application will be sent to Dr. England, Coordinator of Student Teaching Assignments, for processing. The student should then arrange with Dr. England for an interview.
